

We're here to support you

As your Life Group support team, we want to see you thrive as a leader. We commit to being available to you and supporting you in at least three different ways.

We can't be the church without you, so help us help you by participating in all three. 'Cause don't forget, life is better together!

What makes a great Life Group leader?

A hospitable facilitator who likes to see people grow in friendship and faith.

CREATE A FRIENDLY ENVIRONMENT

Coordinate hosting for your group weekly or bi-weekly, often in the leader's home or by taking turns in group members' homes, or sometimes at the church. Regular snacks and occasional meals go a long way in building relationships!

Share the Lead: *Invite someone to take the role of Snack Coordinator and/or Social Coordinator to share the investment into fun and friendship.*

FACILITATE A FAITH CONVERSATION

Take the lead on facilitating formative conversations about spiritual truth and spiritual practices that help us grow in faith. This takes a bit of prep, but we provide materials through video messages and Conversation Starters.

Share the Lead: *Consider taking turns facilitating the discussion, sharing in the opportunity of asking questions or reading scriptures.*

ENCOURAGE NEXT STEPS

Encourage the group to grow in love for each other and those in need. Life Group isn't about meeting for a couple hours on a particular night; it's about how those hours change the way we live and love the rest of the week.

Share the Lead: *Invite someone to take the role of Service Coordinator to facilitate regular serving opportunities. Keep an eye out for "apprentice leaders" who might be able to lead or co-lead in the future.*
