WEEK OF JANUARY 13, 2019

Welcome to Southridge!

We're glad you're here.

If it's your first time we invite you to stop by our **Welcome Centre** after the service.

We'd love to say hello, answer any questions you may have, and give you a gift (*no strings attached*) to say thanks for joining us!

today's service

FRIENDSHIP MATTERS | BETTER TOGETHER

An African proverb suggests, "If you want to go fast, go alone. If you want to go far, go together." For many of us, our fast-paced lives make it seem like the only option is to go alone, and friendships can get left in the dust of all the other things we're pursuing. So, do we really need friends? What's the benefit of living as though friendship matters?

PRACTICE PAYING ATTENTION

Science is clear that we have brief and selective attention spans. Not that you need to be a scientist to know that -- in a world as loud as ours, distraction is everywhere.

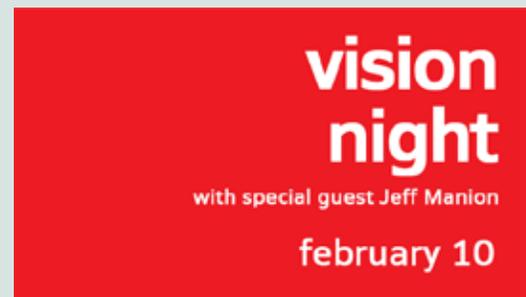

So to help you get the most out of today's service, **try this simple exercise to practice paying attention.**

Pay attention to what's happening all around you -- the words of the songs, the scriptures that are read, the energy in the room, the people that surround you, anything and everything you sense in your heart and mind, even to the ways you notice yourself getting distracted.

To help you stay on task, **make it your assignment to notice at least one thing you might normally miss** and share it with a trusted friend at the end of the service.
